Small businesses may request information on this notice by contacting Richard Lower, Assistant to the Director, Market Development Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue, SW, STOP 0237, Room 1406-S, Washington, D.C. 20250-0237; Telephone (202) 720-2491, Fax: (202) 720-8938; or E-mail: richard.lower@usda.gov.

**SUPPLEMENTARY INFORMATION:**

Title: Almonds Grown in California, Marketing Order No. 981.

OMB Number: 0581-0242.

Expiration Date of Approval: November 30, 2022.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The information collection requirements in this request are essential to carry out the intent of the Agricultural Marketing Agreement Act of 1937 (Act), as amended (7 U.S.C. 601-674), to provide the respondents the type of service they request, and to administer the California almond marketing order (7 CFR part 981), which has been operating since 1950.

The marketing order and its rules and regulations authorize the Almond Board of California (Board), the agency responsible for local administration of the marketing order, to require handlers and other certain entities to submit information.

Since September 2007, the Board has been operating a mandatory program under the marketing order to help reduce the potential for Salmonella in almonds. The Board had developed forms as a means for handlers to file required information with the Board relating to the treatment of almonds. Almond handlers are required to submit annual treatment plans to the Board and inspection agency regarding how they plan to treat their

almonds in compliance with the program.

Entities interested in being almond process authorities that validate technologies are required to submit an application to the Board on ABC Form No. 51, “Application for Process Authority for Almonds.” Manufacturers in the United States, Canada, and Mexico interested in being approved to accept untreated almonds, provided they agree to treat the almonds themselves under the Board’s Direct Verifiable (DV) program, are required to submit an application to the Board on ABC Form No. 52, “Application for Direct Verifiable (DV) Program for Further Processing of Untreated Almonds.” Entities interested in being approved DV Program user auditors are required to apply to the Board on ABC Form No. 53, “Application for Direct Verifiable (DV) Program Auditors.” To ensure compliance with the mandatory program, entities are required to use either an on-site or audit-based verification program and annually submit a treatment plan to the Board on ABC Form No. 54, “Handler Treatment Plan.”

The information collected is used only by authorized representatives of USDA, including AMS, Specialty Crops Program’s regional and headquarters’ staff, and authorized employees and agents of the Board. Authorized Board employees, agents, and the industry are the primary users of the information, and AMS is the secondary user.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.7 hours per response.

Respondents: Almond handlers; persons or organizations that would like to qualify to be Board-approved process authorities that validate treatments and technologies; manufacturers who would like to qualify to participate in the Board’s DV program; and entities that would like to qualify as auditors under the DV program.

Estimated Number of Respondents: 175.

Estimated Number of Responses per Respondent: 1.00.

Estimated Total Annual Burden on Respondents: 4,200 hours.

Comments are invited on: (1) Whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (2) the accuracy of the agency's estimate of the burden of the collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on those who respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record, including any personal information provided.

**Erin Morris,**
